FOR GOVERNOR,

OF CUMBERLAND COUNTY

RECONSTRUCTION.

Full Text of the Report of the Senate Reconstruction Committee.

The following is a correct copy of the Reconstruction amendment as altered by the Senate Committee The telegraphic synopsis gave no correct idea of its real character, and the full text will be read with interest The report is said to be principally the work of Senators Howard and Grimes The points in which it differs from the amendment as it passed the House some two weeks ago are that the first clause of the first section and the whole of the third and fourth section are new, though the third section is a substitute for the section of the same number in the House proposition That is with the women hand disfranchised till 1870 This, it will be seen does not restrict the rights of suffrage but rather the privilege of office holding, and the point made against that by Secretary Stanton viz that it tied the hands of Congress by amendment of the Constitution, cannot be made against this as its first clause gives Congress the power, it may time by two thirds vote, to remove the disability of holding office The new clause in the first section defining citizenship in the States is well as in the United States is regarded on all hands as a very important modification The amendments to the third section are not material

Section 1 All persons born in the United States and subject to the jurisdiction thereof, are citizens of the United States and of the States where they reside No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any State deprive any person of life, liberty or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws

Sec 2 Representatives shall be apportioned among the several States which may be included within this Union according to their respective numbers counting the whole number of persons in each State, excluding Indians not taxed but whenever, in any State, the elective franchise shall be denied to any persons of its male inhabitants, being citizens of the United States not less than 21 years of age or in any way abridged, except for participation in rebellion or other crime, the basis of representation in such State shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens not less than 21 years of age in such State

Sec 3 No person shall be Senator or Representative in Congress or an elector of President or Vice President or hold any office, civil or military under the United States or under any State, who having previously taken an oath as a member of Congress or officer of the United States or as a member of any State Legislature or as an executive or judicial officer of any State to support the Constitution of the United States shall have engaged in insurrection or rebellion against the same or given aid or comfort to the enemies thereof but Congress may by vote of two-thirds of each House remove such disability

Sec 4 All obligations of the United States incurred in suppression insurrection or in defence of the Union or for payment of bounties or pensions incident thereto shall remain inviolate

Sec 5 Neither the United States nor any State shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States or any claim for compensation for emancipation of any slave and such debts and obligations and claims shall be forever held illegal and void

Sec 6 Congress shall have power to enforce by appropriate legislation the provisions of this article

It is understood the Republicans will make no speeches upon the Amendment and some of the members are confident it will be through both Houses within a week The *Times* Washington dispatch says that it is conceded the proposition can secure the necessary two thirds vote and the same dispatch further states that a report was current that a committee of Senators had been appointed to lay the proposition before the President and ascertain his views in regard thereto, with a view to the possibility of harmonious action of the President and Congress The *Worldly* special says it is stated Senator Doolittle will vote for the amended report and the same statement appears in other quarters It is also understood that the Senate Committee agreed to change the Reconstruction Enabling act which has been under discussion in the House so that the Southern States may be admitted as fast as they adopt the amendment, and conform their constitutions and laws thereto

SOLDIERS' STATE CONVENTION.

"National Union of the Boys in Blue."

From the Pittsburgh Gazette May 5th

The Convention of honorably discharged soldiers and sailors of Pennsylvania assembled in this city yesterday forenoon, pursuant to call — About half past nine o clock, the delegates having been collected from the various hotels, marched through the streets, escorted by a brass band and under the guidance of Major Generals James S Negley of this county and Joshua T Owen of Philadelphia to the Academy of Music, on Liberty street the place selected for the Convention Soon after the delegates were seated, and sufficient order prevailed, the Convention was called to order by Gen Negley taking the chair Capt G Washington Fenn, of Harrisburg, was chosen temporary Secretary

A resolution was offered that the delegates to the Convention pledge themselves to conform to its regulations

Gen Owen thought the resolution superfluous as all true soldiers who participated in the proceedings would consider themselves bound thereby After some discussion the resolution was withdrawn

A Committee on Credentials, consisting of one from each Congressional District, was appointed and also three Sergeants at Arms (Captains G I Brown J M Carr and Sergt Gifford) to keep order and prevent the intrusion of outsiders

The Convention then took a recess for half an hour, to await the report of the Committee on Credentials

AFTER ASSEMBLING

The Committee on Credentials having concluded their labors, reported the delegates entitled to seats

Gen Owen moved that the report of the Committee on Credentials be accepted, and that the delegates whose names had been read be admitted to seats

Maj Harry White of Indiana moved that the delegates whose seats had been contested be admitted to seats in the Convention Adopted

Col Allerman moved that a Committee of thirty three be appointed to draft resolutions expressive of the sense of the Convention

Gen Fisher, of Lancaster, said that he had offered such a resolution before the Committee on Credentials had been appointed and consented to its being deferred

Col Collins moved that a Committee on Permanent Organization be appointed

Maj Schenck moved as an amendment that the temporary Chairman appoint a Committee on Permanent Organization to consist of one member from each Senatorial District The motion, as amended, was adopted

The following named gentlemen were announced as the Committee

Sergt Anthony Gifford, of Philadelphia, Chairman, T J Neill, Capt A K. Dunkle, Capt R H Gregory, Lieut J L Wray, Sergt Jamison, Capt E Meconkey, Dr Dickerson, Lieut John H Keatley, Col Wm Bell, Capt Webster Loman, Capt Samuel Jamison, A J Elliott, Gen George Winn, Col H Allen Robert Dickey, Capt Amsby Fuller, Gen A L Pearson, Gen Chas Barnes Sergt Joseph Miller Capt John H Walker Capt G Lovett Capt S H Lewis, Capt J A Swartz Lieut R L Seybert Dr F C Kitchen Major R W Shoul Jno H Shirk Major W H Seip Capt Frank W Lyon, Jas McGowan, Capt Robert J Nevin Col J C Copeland

Gen Fisher called up his motion, for the appointment of a Committee of thirty three (one from each Senatorial District) on resolutions, to which Committee all resolutions offered to the Convention should be referred without debate

Considerable discussion ensued who should be Chairman of the Committee Gen Hall, Col Allerman of Dauphin Co claimed to have made the motion for the appointment of the Committee prior to Gen Fisher, and therefore considered that he was entitled to the Chairmanship

Gen Fisher stated that he was indifferent as to the Chairmanship did not care for it himself as a matter of pride but claimed he was entitled to it, having offered the resolution before recess, and consented to its suspension He had therefore only called it up

Lieut Reinoal, of Lancaster, thought Gen Fisher entitled to the Chairmanship Western Pennsylvania was ably represented in the temporary Chairmanship of the Convention, Eastern Pennsylvania would be honored with the permanent Chairman, and he considered it eminently fit that Lancaster county, the old Guard should be relieved by selecting one of her sons (Gen Fisher) as Chairman of the Committee on Resolutions Lancaster was entitled to this honor It was the home of Thaddeus Stevens [Loud and continued applause]

The Chairman put an end to the discussion by stating that he had appointed Gen. Fisher as Chairman of the Committee

The Committee was announced as follows Gen Joseph W Fisher, Chairman, Gen C H T Collins, Col. Wm B Sipes, Gen H G Sickles, Lieut F B Bingham, Gen J F Hartranft, Col Geo F Smith, Capt Alfred Marple, Maj Walter H Seip, Col R S Mason, Capt John T Boyle, Capt H H Hinds, Gen Thos L Kane, Capt J. Merrill Linn, Col Samuel Knorr, Capt J B. Mully, Col H C Alleman, Lieut Col W L Bear, Adjt A C, Reinohl, Capt W H Lemus Col D W Rowe, Maj E W Schrock, Col Langhorn Wister, Col W H Blair, Gen Harry White, Maj B J Reid, Gen S D Oliphant, Col I M Bryne, Capt Robt Pollock, Lieut Jas Stocking, Thos F White, Col H Allen, Capt L Flynt

Captain W. B Jones, of Cambria, was permitted to read the following resolution, passed by the soldiers of Cambria county, which was referred to the Committee on Resolutions

Resolved, That as our choice for President and Vice President in 1868, we declare ourselves in favor of that great and true patriot and soldier, U S Grant, and the tried and faithful "Soldiers Friend," A G Curtin, of Pennsylvania and we request our delegates to the Pittsburgh Convention, to present the names of General Grant and Governor Curtin before that body for nomination to the highest office in the gift of the people

The Committee on Permanent Organization made a report as follows, which was adopted

President—General Joshua T Owen, of Philadelphia

Vice Presidents—Gen S D Oliphant, Lieut Howard Bruce, private Thomas V Cooper Capt Yeargier, Col Wm. B Thomas Capt Wm R Jones, Capt Robert Pollock Capt Bruce X Blair, Major John C Hartley Gen James Neagle, Col Wm H Speakman Col Samuel Knoor, Col C P Rogers, Capt Henry Connor Gen J R Hetron, Lieut Harry Strickler, Capt H N Brenneman, Capt W W Hopkins, Col I M Bayne, Col John K Robinson Col E H Mast, Lieut George W Fox, Lieut W W Gibson, Capt John P Dillinger, Sergeant Augustus Davis, Sergeant A J Elliot, Capt Warren Cowles Col Harrison Allen, Capt J W Stevens, Col Gideon Clark

Secretaries—Capt. G Washington Fenn Sergeant A J Schrick Capt W R Davis, Capt John G McConnell, Lieut T B Iyer, private E C Reed

A motion to adjourn to four o clock was lost

SPEECH OF GEN JOSHUA T OWEN

Generals Collins, of Philadelphia, and Barnes, of Allegheny, escorted General Owen to the chair, who was received with great applause and said

COMRADES —I return you my heartfelt thanks not only for myself but for the city of Philadelphia, whom you have honored by electing me to this position It seems to me that all the circumstances and surroundings have tend to show clearly to every man present, that this Convention is the most important held in Pennsylvania for many years Who are you that re assembled here in this iron city the conduct of whose citizens during the war have immortalized it?

Fellow soldiers who by concert of action in the field saved the Government and preserved the proud banner under which you fought what do you propose to do? Not to revolutionize parties or to introduce any new doctrines, but simply to determine that the institutions of the country shall be so permanently established and the fruits of the war so thoroughly secured, and the principles evolved by the contest of arms be so incorporated by our statutes that peace shall be as lasting as our victory was complete The politicians are somewhat excited as to what we may do but they need have no fear if they are true to the principles and traditions of our government but if they are false they will find we are combined against them You have proven to the whole world that you are willing to sacrifice your lives for your country, and if you were trusted with the destinies of the Union and it on the 3d of July 1863 on the plains of Gettysburg where our liberty and the honor of the flag were in jeopardy you proved yourselves equal to the task of securing the one and vindicating the other, why may you not in civil life be trusted as well? Let me feel the hand of a comrade, and since his baptism of blood, I will wager my life he is true to his country Under the general character of the call of the Convention, all honorably discharged soldiers and sailors were invited to attend and in providing for the best interests of the soldiers and sailors is it not the duty of this Convention to indicate its preference for the true soldier, instead of one who during the whole struggle did all in his power to cripple the operations of the Government in its efforts to suppress the rebellion? (Long and continued cheering) Is it not to our common interest that loyal men only shall be elected to office? I find upon these banners which adorn the stage emblazoned the names of Lookout Mountain Wauhatchie and Missionary Ridge and we know who, in those battles illustrated the prowess of Pennsylvanians by his deeds of valor — General John W Geary by his conduct in those terrible battles, has endeared himself to us and all the true men of the State

Gen Owen referred to topics of general interest to soldiers, viz—the increase of pensions to widows and orphans, equalization of bounties to volunteers, and the granting of places of honor and profit to those who have been faithful to their country on the battle field and concluded as follows Who shall give utterance to the rallying cry of the future? What ties shall bind together the hosts whose concert of action shall make perpetual the peace conquered by your arms? The Generals who by their skill have made the American name immortal and the officers and men whose common suffering in a common cause have united them together with ligaments of steel

General Collins offered the following

Resolved That the delegates to this Convention pledge themselves to conform to and endorse the action of this Convention

The Chairman ruled that this should be considered as a motion, and as not coming under the resolution that all resolutions offered to the Convention should be referred to the Committee without debate

The resolution was opposed by Captain E H Rauch, of Berks who regarded it as an imputation upon the integrity of the delegates

The resolution, after some discussion, was almost unanimously adopted by a rising vote

The Convention, on motion, adjourned until half past four o clock

General News.

The Old School Presbyterian Assembly at St Louis adjourned Tuesday to meet next year in Cincinnati

It is said that Senator Sumner s health is such as to have excited painful apprehension on the part of his friends for several weeks

AT the Patterson race course Tuesday the Derby was won by "Merrill," best time 1 55 A horse named "Richmond" went in 1 51

It seems probable that a new Quarantine war is to be opened, which will prove of engrossing and enduring interest A portion of Staten Island was "occupied" on Tuesday by the Health Commissioners of New York who took with them a sufficient force to "hold" the territory they acquired also the means of subsistence and all other needful appliances for maintaining a successful campaign and their purpose is, to erect and defend if need be, by force and arms suitable buildings for the use of the Quarantine department Further developments are looked for with warm anticipation

It is expected that the Committee of Ways and Means will report a new tariff bill in about two weeks

THE New York *World* predicts a short hop crop and beer drinkers may prepare to restrict their rations

FOUR more Fenians were captured by the Canadians, near the scene of the late battle, on Tuesday Some twenty five or thirty dead bodies of the invaders have been found in the woods near Fort Erie

JUDGE UNDERWOOD s Court opened on Tuesday at Richmond, and the customary address was made to the grand jurymen by the presiding justice The tone of the address was such as to give offense to the Virginians, and perhaps might have been expected to have been so Jeff Davis' counsel inquired as to the disposition to be made of their client's case, but no decision appears to have been rendered The court again sits on Wednesday

PARTIES from the North are to put up five hundred neat dwelling houses at Newport News — The buildings are to be framed at the North

A GENTLEMAN now living in Norwich, New York, had his pocket picked thirty three years ago of three hundred and sixty dollars At intervals of thirteen seventeen, and three years he has received the whole amount back in mysterious installments by mail, with request to forgive the theft. The robbed gentleman is now eighty seven years old

THE last Boston "notion" is to form a company to go in quest of floating icebergs and tow them into Boston harbor, and to render the enterprise doubly remunerative, pleasure parties are to be taken out on each trip

PUBLIC interest in the Fenian question appears to have simmered down The Fenians themselves, perhaps, are as warmly engaged as ever in the cause, but evidently the people generally are getting to care little about it. There is a good deal of activity in enlisting men and forwarding the sinews of war to points of rendezvous in Northern New York and Vermont but the United States Government proposes not to allow too much length of line to the enterprise, and possibly some of the erratic warriors may become conscious of lines in their rear before they reach any Canadian battle-field.

ADDRESS TO FENIANS BY COL. ROBERTS.

THE FENIANS DISCOURAGED BY THE ACTION OF THE U. S. GOVERNMENT.

THE GRAND MOVEMENT COMMENCED IN EARNEST.

ARREST OF GEN. SWEENEY AND COL. ROBERTS BY U. S. AUTHORITIES.

ORDERS RECEIVED TO ARREST GEN. SPEAR, BUT HE ESCAPES.

THIRTY FENIANS RETURN HOME FROM THE FRONT.

RATIONS SENT TO THE DESTITUTE IN LOUISIANA.

NEW YORK, June 6

Specials from Ogdensburg say the movements of the Fenians in that quarter continue brisk. Since Friday 1,500 Fenians passed through there towards the Canada border, and there is reliable information that nearly 10,000 are concentrated there.

The U. S. regulars when sent to DeKalb Junction to seize Fenian arms were directed to load with ball cartridge, but after they had gone forty balls were found on the ground where they had loaded

Kingston dispatches of the 5th says there are 3,000 troops there, one-half of them being regulars.

There was continued excitement last night among the Fenian fraternity over Attorney General Speed's order to arrest all prominent Fenians

Roberts has issued characteristic addresses to Fenians denouncing the course of England during our late war, its actions and sympathy with and assistance of the rebel cause.

He feels assured that the most true and loyal Americans are with their Irish brethren who fought for the preservation of this republic.

He bids his countrymen be of good cheer and predicts all will yet be well, closing as follows:

No matter, fellow countrymen, how many of us may fall, our cause will triumph as sure as a just God lives, and Irishmen and their descendants remain true to the genius and valor for which our race have always been conspicuous.

A Fenian meeting announced to take place in City Hall Park last evening did not take place. Tammany Hall was closed and the Fenians were somewhat discouraged by the action of the Government

It is reported that 1,000 recruits were raised yesterday for the Fenian cause. It is believed that large numbers have recently gone North since Monday, and that more will follow.

NEW YORK, June 7

Dispatches from Franklin, Vt., last night say: The Fenians about 2,000 strong will make a reconnoissance to-night in Canada to pick out a place for camping on the other side of the line. An attack will undoubtedly be made about daybreak.

United States regulars are represented as sympathizing strongly with the Fenians.

The British soldiers who were at St. Armand have gone to St. Alexandria.

The latest accounts say there are 500 Fenians between Newport and Malone.

The grand movement appears to have commenced in earnest Fenians and supply wagons were constantly moving yesterday between St. Albans, East Highgate and Franklin

BUFFALO, June 7

Six Fenian officers were brought before United States Commissioner Parker this morning.

H Mooney, of Buffalo, was released on bail of $5,000 to appear at this court on Tuesday next.

Colonel O'Neill and J. M. Fagerty gave bonds for $6,000 to appear before Judge Shipman, of the United States District Court These men are now among and receiving the congratulations of their friends.

Fenians are still arriving here, some stay and others go East. They are very reticent but repeat the old story about going to work on railroads None are armed, but occasionally a man has a sabre

P. O'Day, Head Centre of this District, is waiting for instructions.

The recent order from Washington about arresting the leaders makes considerable talk, but apparently the men are in good spirits and only await orders to attend to business.

No means for their subsistence is provided, and they are scattered all over the city among their Irish sympathizers

BOSTON, June 7.

A special to the Traveller says: At 12 o'clock last night Gen. Sweeney was arrested by order of Major Gilson, the commander of the regulars here.

Gen Sweeney was in bed at the Tremont House and offered no resistance. He is now in the officers' headquarters on the Common, under arrest.

Last night the train from Boston did not go through St. Armand, but via Rouse Point, it being apprehensive that the track would be torn up by the Fenians.

FRANKLIN, Pa., June 7

Three hundred Fenians marched to the depot this morning and then marched back again.

TORONTO, C. W., June 7.

All quiet at the various points on the western frontier

The action of the United States Government regarding the Fenian movement causes great satisfaction.

Parliament meets to morrow, when no doubt the Government will be empowered to suspend the habeas corpus in order to bring to trial by court martial lawless aggressors like the Fenians.

SYRACUSE, June 7.

Great excitement prevailed among the Fenians last night Six hundred dollars was raised at a meeting here and 110 men were sent to the front. Several car loads of Fenians from the west also arrived last evening. They all passed east on the 1:20 train last night

A Montreal special of the 6th says an attack in force is expected at Phillipsburg and British forces under Capt. Carter are falling back on supports at St. Johns.

There is likely to be blood spilled to night or to morrow.

The forces at St. Johns are 500 strong, and includes a battery of Armstrong guns.

A Prescott special dated the 6th, to Ottawa, states that 2,700 Fenians are about to cross over to Edwardsburg.

Roberts refused to accept bail or give his parole. He is under guard in a storehouse.

BOSTON, June 7.

A special dispatch from St. Albans states that orders were read last night to arrest Gen. Spear as well as Gen. Sweeney, but the former suddenly left his quarters on horseback, shortly after midnight.

Opinion is expressed that Gen. Sweeney was desirous of being taken, as he had plenty of time to get away.

A heavy storm prevailed during the night and this morning.

Thirty Fenians left St. Albans last night for Boston, refusing to pay fare and threatening to burn the town if put off the cars.

The advance of the Fenian army was at East Franklin last night, seventy-six miles north of St. Albans.

A dispatch from Richmond yesterday says the case of John C. Breckenridge is before the Grand Jury and a true bill for treason will be found.

In consequence of the Fenian demonstration upon Canada, it has been found necessary to create three new military districts in the Department of the East. Mr. Pettis's "Postal Facilities."

The Crawford *Journal*, which is the personal and peculiar organ of Mr. Pettis, the Johnsonian candidate for Congress in this district, urges his claims upon the people for the office, in view of the "postal facilities" which as mail agent he has secured for the public accommodation. In other words, Mr. Pettis should be sent to Congress because he has performed certain official duties in another position.

But speaking of these "postal facilities," let us see whether they were really designed for the benefit of *the people* of Crawford County only, or selfishly to enhance the aims of an unscrupulous politician. Since the canvass for the Congressional nomination commenced, the mails of Crawford county have been literally crammed with electioneering documents from Mr. Pettis, distributed at the expense of Uncle Sam in all parts of the county. Ballots bearing the name of Mr. Pettis for Congress are sent to every voter whose address can be ascertained, and campaign papers filled with special and urgent pleadings in behalf of Mr Pettis, and the most discourteous and ignoble insinuations concerning his opponent, the Hon. D. A. Finney, are stuffed into private postoffice boxes without stint and without discrimination. That the United States mails should be thus prostituted to subserve the ambitious schemes of a government officer, in direct contravention of the laws which Mr Pettis as mail agent is sworn to execute, is a very sad commentary upon his fitness for the still more exalted position of a *law-maker*. When the Crawford *Journal* again reminds the people of the extraordinary "postal facilities" which Mr. Pettis has "secured" (for himself?) it will be accepted in the ironical sense in which it is doubtless intended.

SUMMER RESORTS.—Our friend Morton of the Pithole *Record* is expatiating upon the advantages of Pithole city as a "fashionable summer resort." Without disputing the claims of that locality to this enviable distinction, we submit that Titusville is far more attractive. The city is being thoroughly cleansed of its impurities, and the streets greatly improved. In a few weeks our principal thoroughfares will present as favorable an appearance as could be desired. We have the best hotel in the oil regions, as every traveler admits, and indeed the Crittenden loses nothing in comparison with many hotels of eastern celebrity. Mr. Crittenden has fulfilled the best expectations of his friends in the management of this enterprise, and the polite and courteous attentions uniformly extended to the guests of the establishment by Mr. Bronson, who presides in the clerical department, have won him hosts of friends. The numerous resident patrons of the house, as well as the transient public, attest its growing popularity, and as the summer season advances we are confident it will become a yet more general favorite.

Titusville is now the most healthful and inviting place of sojourn in the oil region. The medicinal properties of petroleum have been most favorably demonstrated, and while they are sufficiently powerful to act as a remedial agent and to avert pestilence, there is not that superfluity which offends the most delicate of the senses. Titusville, therefore, as the social and commercial center of the oil region, presents very superior attractions both to the tourist and the business man. The facilities of access and egress in every direction, enable those whose business interests require their personal attention elsewhere, to make this the home of their families during their own compulsory absence. Our churches and schools are all that could be desired, and the general advantages and conveniences of city life are neither commonplace nor exceptional.

THE EASTERN CRAWFORD NOMINATIONS.—We copied from the correspondence of the *Dispatch* yesterday a commendatory notice of several candidates before the people for nominations at the primary meeting. We do not wish to be understood, however, as ignoring the claims of the candidates nominated by the Eastern Crawford Convention held at Centreville on the 6th of March. Apart from the candidate for Assemblyman, we believe the recommendations of the Convention stand in high favor. That Convention nominated Capt. Fred. Peck, of Rieeville, for Sheriff; R. E. Ashley, of Richmond, for Register and Recorder, and Jeremiah Baker, of Sparta, for Commissioner.

It is for the position of Congressman and Assemblyman that the Republicans of this section are most actively interested, and in relation to candidates for these positions we are confident we speak the popular preferences very decidedly when we name D. A. Finney and Joseph T. Chase. The results of the primary election will prove the truth of this conjecture.

IMPORTANT ACTION OF RAILROAD PRESIDENTS.—Last week the Presidents of the trunk railroad companies held some important business meetings in New York. Among those present were Dean Richmond, of the New York Central; Thomas A. Scott, of the Pennsylvania Central, A. S. Diven, of the New York and Erie, and J. W. Garrett, of the Baltimore and Ohio. The freight rates were settled, and a resolution was adopted, after some opposition from the New York and Erie Company, abolishing all commissions on the sale of passenger tickets from and after the 10th of June next. This will put a stop to all the ticket offices in the cities where commissions are paid, and will save a large sum of money to the roads. The amount paid out as commission money has been estimated as high as $800,000 a year in New York alone. It is designed to let the trunk lines manage the passenger business at the eastern end, and the western lines to have control of the eastward bound passenger traffic at the West.

OUR SMALL CURRENCY.—The withdrawal of three cent notes by the Treasury Department has taken them almost entirely out of circulation now-a-days. We are glad of it, for of all our small currency they were the poorest and most pitiful, and quickly become the most disgusting and worthless. The five-cent notes, too, will soon disappear to give place to the coin of that denomination recently ordered by Congress.—The smallest legal tender bill will then be ten cents, which is small enough in all reason.

OIL CITY REDIVIVUS.—A private letter from Oil City informs us that business of all kinds in that place, so severely prostrated by the fire, is now reviving. Over twenty-five new buildings are going up on the burnt district, and the waste places will soon be rebuilt. Insurance companies are adjusting losses very satisfactorily. A fire company is to be organized immediately, and one or more steam engines procured. Waterworks are also being constructed.

A HANDSOME GIFT.—The Common Council room last evening was ornamented with an elegant chandelier, presented by Councilman Goodwin. A vote of thanks was passed by the Board for the very acceptable presentation.

TWO NEW WELLS—PITHOLE LOOKING UP.—A new well, flowing 200 barrels per day, was struck on Friday last on the Homestead Farm. Another well is reported on the highland of the Bell Farm, pumping 100 barrels per day.

Consolidation—Bryan, Dillingham & Co.

By reference to our advertising columns it will be seen that two of our most enterprising and prominent business firms have "consolidated." It will be recollected that the extensive machine shop of Dillingham & Cole, so widely and favorably known in this part of the country, was recently destroyed by fire, but that the iron works and foundry of McMullen & Bryan were saved by extraordinary exertions on the part of the Fire Department and the employees of the works, who would have suffered a common calamity with the proprietors, had the establishment been burned. Mr. Cole having retired from the firm, Mr. Dillingham has connected himself with Mr Bryan, and the new firm will hereafter be known as Bryan, Dillingham & Co. Their machine shop and foundry is now the most complete and extensive in the oil regions. It has ten forges, ten lathes, planers, drills, &c, and employs a force of forty men. The foundry has been considerably enlarged, and is now turning out two thirty-five horse power engines. They are receiving orders daily for their new pumping machines. They have also ordered a new steam trip hammer, and have introduced the latest mechanical improvements.

Probably, there is not an oil company, engineer or driller on the creek, at Pithole or Cherry Run which has not had dealings with one or both of these firms in the line of repairs, machinery, tools and oil well supplies generally. With their increased material, force and facilities, it will not be necessary for parties to send their work abroad. Mr. Cole will carry with him to his new home the cordial respect and good wishes of our citizens. The numerous friends of Mr. Stratton, who has been connected with the firm of Dillingham and Cole for the past year, will be glad to learn that he is a member of the new firm. We have no doubt that the established character of the members of the new firm for promptitude, energy and fair dealing, will render the "consolidation" is effective and popular with the public as could be desired.

Interesting Letter from Meadville.

MEADVILLE, June 5, 1866.

Editors Morning Herald.

The corner stone of the church to be erected by the Methodist Episcopal Society of this city was laid to day Bishop Kingsley, of Cleveland, officiating. The day was not a favorable one—indeed before the exercises were finally ended the rain began to fall; but, notwithstanding, a large crowd was in attendance. Among the the newspapers put in the box which was deposited under the corner stone was a copy of the WEEKLY HERALD.

The new church is to be a handsome structure—we suppose the finest in Western Pennsylvania. It is to be built of freestone, broken range, with a two hundred feet high tower. It will require two years to complete it.

The college commencements soon take place, and the members of the faculties and students are equally busy preparing for them. The commencement of the Unitarian College comes off in about a fortnight, that of Allegheny College a week later. This is the semi centennial anniversary of the founding of the latter institution, and a centennial celebration will be held. An attempt has been made to secure the services of Bishop Simpson as orator of the occasion, and he has made a partial promise that he will be present. Various other church dignitaries will take part in the exercises.

Thayer & Noyes' circus has been here to day. By to-morrow every boy in town will be turning somersets and playing monkey shines.

It having been proposed to devote the money left from the Meadville bounty fund to the erection of a Soldiers' monument in the public square of this city, according to the resolutions of the Soldiers' Convention held a couple of months ago, it has leaked out that $500 of the $1,700 was paid to S. Newton Pettis, Esq., for professional services," and that some of the money had been refunded to those who contributed it, so that but about $600 remain in the hands of the bounty fund committee. This is a specimen of Mr. Pettis's wonderful "generosity" and "public spirit," of which such boast is made by his partizans.

This leads me to speak of the political contest, in which the said S. Newton Pettis is desperately interested. I am in a position to know somewhat of this contest, and I know that Mr Pettis has resorted to shifts of which an upright man ought to be ashamed. His opponent, Hon D. A. Finney, is conducting himself as a man of honor ought, and utterly refuses to stoop to any of the petty subterfuges and underhanded tricks resorted to on the other side. Mr P., for instance, recently stated in a political meeting that he had been attending to Mr Finney's business for two years past, as that gentleman had not been in a condition to transact business for himself during the greater part of the time—an assertion which I brand as a falsehood, base and unfounded. When Mr Pettis makes such statements as these, he exposes himself in a very vulnerable manner. Great stress is laid by his partizans upon the fact that he put rebel substitutes into the army, and thereby saved the country from draft; but we hope the next time any of them boast of this, they will couple with it the fact that their principal has had suit instituted against him by the people of Woodcock township for withholding the unexpended portion of the bounty money, and that similar suits are to be prosecuted by the citizens of several townships.

This tends well for the Blair Cowan candidate for Congress.

Mr Finney's record is spotless. His enemies have tried in vain to trump up charges against him, but their efforts have been unsuccessful, for as a man, a citizen, and a politician, his character is above reproach. The truth is, Mr. Finney is a statesman, Mr. Pettis a beggarly politician. Mr. Finney's record speaks for itself, while Mr. Pettis is compelled to get certificates of character from his friends abroad. You can't trust a politician's "character" about as much as you can an Irish Biddy's.

More of this anon. There is a large budget which I will unroll for the public benefit if needs be.

MIDGE.

THE THEATRE.—A large and respectable audience greeted Schutt & Co.'s Grand Star Combination Company last evening. The admired drama of the Flowers of the Forest was rendered with great spirit. The original farce of the Haunted Chamber was received with peals of laughter. The song "Beautiful Isle of the Sea," by Lizzie Smith, was repeatedly encored. The company will remain but two nights longer. The bill for this evening will be found in another column. The entertainment will be varied with songs and dancing as usual. One of the most agreeable features is the music of the fine band which is attached to the troupe.

It is so long since Titusville has been favored with dramatic entertainments, that the company are likely to be favored with overflowing houses on this and to-morrow evenings, which are positively their last in this city.

LIABILITY OF RAILROADS.—An important suit was decided in the United States Circuit Court at Indianapolis last week. B & S. Coffin, packers, sued the Indianapolis and Cincinnati Railroad for delay in the transportation of pork to New York, by consequence of which they were heavy losers. The road set up in defense that the delay was occasioned by the Government taking possession of the road for the transportation of troops. A verdict was rendered by the jury in favor of the plaintiffs, which settles the responsibility of railroads for military transportation. The damages in this case were small, but an important principle was involved, and eminent legal talent was employed on both sides, and it will be followed by similar suits for damages to large amounts.

CHALLENGE ACCEPTED.—The Second Nine of the Union Base Ball Club have accepted the challenge of the Mutilus, and the match will come off on Saturday afternoon. We shall publish the correspondence to-morrow.

THE Fenian news this morning is interesting and important. General Sweeney and President Roberts have been arrested and General Spear is *non est*.

A MEETING of the Soldiers' Club was held last evening. The attendance was quite large, and the proceedings were highly interesting throughout.

THE following is an extract of a letter from L. Oldshue, M. D., Professor of Pathology in the Philadelphia University of Medicine and Surgery, to a friend in this city:

PHILADELPHIA, May 12, 1866.

MR. ——, *Dear Sir*: I was pleased to learn that my friend, R. V. Pierce, M. D., has removed to your place where a more extended field of usefulness seems open. I have long and favorably known him, both as a scholar and a successful practitioner of medicine. As a student he was distinguished for his attentive pursuit of professional knowledge; and as a practitioner he is already noted for his carefulness in diagnosis and in prescriptions.

I know of no one more worthy of the trust and the confidence of the public, both professionally and individually, and unhesitatingly recommend him to their patronage. L. OLDSHUE, M. D.

Doctor Pierce has spent much time in the medical schools and civil and military hospitals of Philadelphia and Cincinnati; and we find, on visiting his consultation rooms, that he has received diplomas, which may be seen hanging in his office, from two of the first Medical Colleges in the United States. He comes to us very highly recommended, not only by his diplomas and Professor Oldshue, M. D., but also by several world renowned medical professors and authors of Philadelphia and Cincinnati who are intimately acquainted with his qualifications as a physician and surgeon, and his private character as an individual.

See his card, which we publish in another column. jeSd&w1t

A SPLENDID assortment of Furniture will be found at F. N. Page's, No 66 Spring street.

GRAND TRUNK RAILWAY.—The numerous applicants for Tickets over the Grand Trunk Railway can now be accommodated at the office of E. S. FOWLER & Co., 2 Fletcher's Block, Franklin street.

MESSRS. E. S. FOWLER & Co have received the agency for the Grand Trunk Railroad Tickets, which will be of great advantage to parties wishing to go to Canada. They have also tickets over all other roads.

A CARD.—*Messrs Editors*: The undersigned desires to make his grateful acknowledgements to Messrs French & Thorne, agents of the Lycoming County Fire Insurance Company, for a prompt adjustment of my losses at the late fire on Franklin street. I have the best reason to believe that the above company is one of the most sound and reliable in the country. So far as I have learned they pay all losses to insurers with the same promptitude as in my own case.

A LADY'S SENTIMENT.—Waterfalls are going out of fashion, large hoops are greatly in vogue. These matters are arbitrary, varying with the seasons. But no matter, no Mrs. Demorest's pattern plates, no Stewart's fashions and latest goods can change the fact that HOBRKE'S GOLDEN BITTERS are equally efficacious at all seasons, at all ages, at all hours, for all sexes, for Dyspepsia, Debility, Heart-burn, Colic, Cramps, Indigestion, Liver Complaint, etc., etc. New York Depot, 55 Hudson street.

Haight Archer & Co, Spring and Diamond streets, Titusville, agents.

HOW FRAGRANT.—The air is with the perfumes from a thousand exotic plants, and all nature seems clad in her holiday attire. Yet misery is still in our midst—The roses may bloom, and nature put on her garlands of leaf and bud and flower. But man will nevertheless suffer—Dyspepsia, the sure forerunner of death, and the companion of a miserable life, claims him as a subject. Do not wait then, dear reader, till its ravages lay you low in death, for nature has likewise found an antidote—compounded of her roots and barks—and prepared Coe's Dyspepsia Cure. It will immediately cure the worst cases of Dyspepsia in existence. The proprietors warrant it in every case.

A CARD TO INVALIDS.—A Clergyman while residing in South America as a missionary, discovered a safe and simple remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge*.

Martha Washington Hair Restorer.

That which revives, reanimates and blesses
'Tis not a *poison* that will soil your tresses,
'Tis not a dye that sometime will impair
The wavy lustre of your glossy hair,
Selected out from nature's grand creation—
A simple vegetable preparation,
Where nature and where chemistry combine
To make it what it is—almost divine,
A wonderous possess, which in truth
Restores the fading lustre of your youth
And makes you feel, though sorrows round you stand
And age above you waves his silver wand,
One consolation with your life is yet—
That consolation lies in "MARTHA WASHINGTON".

This Hair Restorer is sold wholesale and retail by R. C. CLARK & CO., No. 14, West Spring street. ma26

FINANCIAL AND COMMERCIAL

FINANCIAL.

NEW YORK, June 7.

The Commercial's money article says: Stocks were decidedly dull, partially from the downward turn in Erie and partly in sympathy with the rumors of bank failures. Governments are more in demand, the gold interests stocks being one fourth better. The German bankers yesterday and to-day have been buyers to a moderate extent for export.

Gold is less in demand. The speculative holders are active in stocking the market, but the demand for export is quite limited. We understand that freight for about $15,000,000 of gold was engaged up to last night. The largest shippers estimate Saturday's export at about 7 per cent.

Money is easy at 5 per cent. Discounts are moderately active at 5@7 per cent. Foreign exchange is less active.

PETROLEUM MARKETS.

TITUSVILLE, June 7.

The petroleum markets are not so firm to-day as they have been for the last few days. Oil is freely offered at $3.75. Offers have been made for oil at $3.50 for low gravities but producers are unwilling to part with their oil at such low figures unless their tanks are full or they are in such a position that they cannot hold it any longer. As the margin widens between the price of crude and refined the probabilities of an increase of demand increases in proportion. The landed interest are holding oil at higher figures from their having little storage facilities and the ability to await the turn of the market. The small producing wells just sell a sufficient amount to pay running expenses and prevent their tanks overflowing. The Pittsburgh buyers do not appear to [illegible] the producing market to as great an extent as they were yesterday. The creek is still navigable.

In view of higher prices in the fall, those wholesale and retail dealers in refined, who generally lay in their winter's stock for home consumption in August and September, may possibly take advantage of the present depressed condition of the market and lay in their stock accordingly.

The receipts and shipments by wagon, pipes and rail road on Wednesday were as follows:

PITTSBURGH OIL MARKET.

[Special to the Morning Herald.]

PITTSBURGH, June 7.

There was not much demand for crude this forenoon and prices were one dollar lower at 14c barrels returned and 19@19½c barrels included.

A considerable quantity of back oil could be disposed of at 14c, but at this figure there is but little offering.

There were sales of 100 barrels at 14c and 42 barrels at 14½c barrels returned.

Entertainment's Fund Company—Distribution of Valuable Gifts—A Novel Fourth of July Entertainment.—Mr. E. H. Crittenden, the enterprising and popular proprietor of the Crittenden House, announces in this morning's Herald, an entertainment for the Fourth of July, in the form of a mammoth Prize Concert. The novelty of the attraction consists in the distribution among the audience of upward of two thousand and ninety valuable gifts, amounting in the aggregate to $40,700—the grand prize being the large two story building extending from Spring to Diamond street, valued at $10,000. The lot is 24 feet front by 140 feet deep. The building combines both store and dwelling, the former fronting on Spring street and having a spacious door yard, ornamented with trees and shrubbery; the store on Diamond street, adjacent to the Crittenden House, and constituting one of the most advantageous and valuable business localities in the city. The prize list also includes a one-sixteenth working interest in well 108, Rooker farm, a valuable horse and buggy, two gold watches, twenty-five double cased silver watches, and the entire stock of wines, liquors, cigars, glassware, and furniture of both store and dwelling above described. A complete list of the prizes will be found in another column. There will be four thousand and seventy tickets, and *two thousand and ninety prizes*, or a prize to every other ticket holder. Every ticket holder will be registered, and every ticket numbered in duplicate. The distribution will be in charge of a committee of disinterested citizens, to be selected by the audience at the time and place designated.

We have never before commended enterprises of this nature, from the fact that they are too often undertaken for purely speculative purposes, and managed by unprincipled parties who impose on public credulity. In this instance the facts are quite the reverse. Mr. Crittenden's references are Messrs. F. W. Ames, J. T. Chase, R. D. Fletcher, J. T. Briggs, C. C. Duffield, and W. W. Kingsland, gentlemen who are prominently known throughout the oil region. We have carefully examined the schedule and are confident there is nothing ficticious or unreal about it. It is a matter of fact sale of unencumbered property at par value, by an extensive plan of distribution among ticket holders to an unexceptionable entertainment, and does not in any manner conflict with the common or statutory law.

Our citizens generally understand Mr. Crittenden's object in this matter. He has built and furnished at an enormous cost the largest and best hotel in the oil region. In giving it his exclusive personal attention, and devoting his entire capital to its success, it necessitates the suspension of his former business and the disposal of all other property. Every person interested in the reputation and prosperity of Titusville should appreciate the necessity of sustaining an enterprise of this character. The price of tickets is fixed at $10 each. More than half the ticket holders will receive gifts, and some of them will have abundant cause for rejoicing.

will generally arrest it in its fatal progress. Try it. Prepared and sold by SPENCER & BULLYMORE, 127 and 129, Main street, Buffalo, N Y, and for sale by THOMPSON & HILTON, No. 12 Diamond street, and by all druggists. ap10d&ewfm*

CHOLERA

DISARMED!!!

The chief Causes of Pestilence Destroyed

DR. COURTAREL'S DISINFECTING FLUIDS.

Secured by Letters Patent in the United States and France. Prepared solely by the New York Disinfecting Company, at their Laboratory, Nos. 298, 300, and 302 Henry street, N. Y. Office, 42 Cedar street.

This Company organized on a permanent basis, with Dr. Courtarel, the celebrated French Chemist, in charge of its Laboratory, is prepared to furnish its Disinfecting Fluids for sick rooms, nurseries, urinals, water closets, privies, cesspools, sewers, gutters, ships, railroads, hospitals, prisons, and public institutions of all kinds, slaughter-houses, oil and fat-boiling establishments; all kinds of manures (immensely increasing the value of the latter to every farmer), and wherever poisonous and offensive gases exist. These agents are deodorizers, antiseptics, antiputrescents, and disinfectants in the scientific meaning of the words. They remove noxious gases and destroy its chemical principles—leaving in their places *healthful ones*. They are DESTRUCTIVE, and *not merely absorbents of* poisonous gases—not injurious to utensils in which they are used. The attention of medical and scientific men is directed to these disinfectants. Attached are testimonials in favor of this great discovery, which, with hundreds of others can be seen at the Company's office.

Delavan House, Albany, March 30, 1866.

To the President of the New York Disinfecting Company.

Dear Sir: It is all it is represented to be. We have made many trials of disinfectants, but now consider that we have found an article which surpasses all others as a remedy against all bad odors.

P. Rossell & Co.

New York, April 9, 1866.

To the President of the New York Disinfecting Company.

Dear Sir: We pronounce it without exception to be the best we have ever known. Its effect upon every matter is complete and instantaneous.

C. A. Stetson, Astor House.

☞ N. B.—These Disinfectants are used by the scavengers, under the direction of the Sanitary Police of the Metropolitan Health Department, New York.
